THE HISTORY OF ZNOJMO HAS OOMPH

The royal town of Znojmo was founded by King Ottokar I of the Přemyslid dynasty. From the beautiful Gothic Town Hall Tower and Vlk Tower you can see picturesque streets and the Podyjí National Park with the peaceful Gránické Valley. Znojmo is the sunniest place in the Czech Republic and full of cosy cafés and noble churches.

Extra tip: Visit the ancient Znojmo underground! It is one of the most extensive underground labyrinths in Europe. A tourist train will take you as far as the Louka Monastery, where you can taste wines from Znovín winery in addition to tasting some history. Alternatively, you can take a wine bus (VINObus) and visit the wineries in the environs.

ZNOJMO AND PODYJÍ FOR PADDLERS

Everyone will enjoy the Dyje River! Equipment, courses and helpful instructors are available at the **Stará Vodárna (Old Waterworks) paddling centre**. Board the canoe here and you will reach the Krhovice campsite after 15 kilometres, and then Hrádek, a famous wine-growing area, after another 11 kilometres. See the nature of the borderland from a boat!

Extra tip: By bike, on foot, by car, on a horseback... or in a canoe! Podyjí is the only national park in Moravia, so it offers a wide range of options. The river valley in a landscape with plenty of forests will enchant you. You can go hiking to the Sealsfield's Stone, for instance. Steep rocks versus relaxing meanders of the river.

You can see a collection of folk furniture, historical musical instruments and even the chateau kitchen!

Extra tip: The Jevišovice Reservoir is dedicated to fishing and recreation and forms part of the Jevišovka Nature Park. Here the Veselka campsite is found, with a cosy beach. Visit **the large snow-white mill in Slup**. This remarkable Renaissance building has four functional water wheels and a millstream. The Development of Milling exhibition will show you the whole milling process on the original equipment. The Technical Museum in Brno won first place in the Gloria Musaealis competition for this exhibition.

Extra tip: You can visit Chateau Jaroslavice four kilometres from Slup. This chateau with an amazing colonnade is located on a hill above the town. Although it is one of the most precious Renaissance treasures in the Czech Republic, it is now in a dilapidated state. Continue to a deer farm on the Ječmeniště vineyard track from there.

Go for a tour and try it for yourself. You can decorate your sheet of paper with, for example, tea leaves or crushed minerals.

Extra tip: Visit 800 years old wine town of Miroslav! You will find a unique castle there, converted from a water fortress. Its vaulted ceilings in the halls are reminiscent of origami masterpieces. BORDERLAND GEMS AROUND ZNOJMO

Fans of military history treasure the pre-war Czechoslovak fortification. **The premises in Šatov** and the infantry cabins MJ-S Zahrada (Garden) and MJ-S 2 Úvoz (Ravine) are maintained by the Technical Museum Brno. The Zahrada infantry cabin is a great retro trip back to the 1980s. The preserved strip of fortresses along the border with Austria is worth making an excursion!

Extra tip: The visitor centre of the Podyjí National Park in Čížov is situated next to the Iron Curtain Memorial and the long-distance EV13 bike trail leads here. Nový Hrádek u Lukova castle ruins look like a setting for fairy tales. The formerly guarded border zone allowed nature to take back its part of the castle and it literally merged with the walls.
